

INVITATION

3rd & 4th OCTOBER 2011

**CALGARY TELUS CONVENTION CENTRE
CALGARY • CANADA**

We would like you to be our guests at the 3rd annual **Tank Storage expo & conference** – Canada's premier event for the oil and chemical tank terminal industry.

We'd be delighted to welcome you to our booth or you may be interested in listening to some of the world-class speakers, discussing infrastructure developments, market trends, API standards, trade flows, biofuels integration, terminal acquisitions, reducing risks and updates on safety technology. You can view the full conference programme and register online.

Come and see what it's all about.

We look forward to welcoming you to **Tank Storage Canada expo & conference** to discuss any requirements that you have now or in the near future.

Please fill in this card and bring it with you on the day or register online and your entry badge will be available for you on arrival.

Compliments of:

“

I encountered an eclectic mix of speakers covering a broad range of subjects and geographies. The exhibition hall echoed this with a number of exhibitors having travelled a long way to introduce their specialities and products. Many exhibitors were passionate about their product and subject – I almost didn't make it back to the conference!

”

Martyn Lyons, Managing Director, Simon Storage
